

Mikkel Garro Martinsen - VJ Mikkel

The Italian VJ of danish origin get into vjing after his studies at the italian filmschool Dams in 2002. Since then he's continuously sperimenting creative forms of live visual creation and communication. In 2002 he also founded the creative lab Homework that led to a netlabel, a creative visual lab and the Homeworkfestival. In 2006 he started an annualy professional VJ laboratory with young students and professionals which led to several permofmances and installations. The latest one for Mouse on Mars. He has created a flash based vj software for mobile phones that brought him to perform worldwide in the Nokia Trends Lab events. After 5 years of constant activity he has performed in many festivals and clubs around the world, creating live visual for musicians and djs such as: Tiga, Timo Maas, Villalobos, Santagold, Shitdisco, Groove Armada, Ladytron and many more...

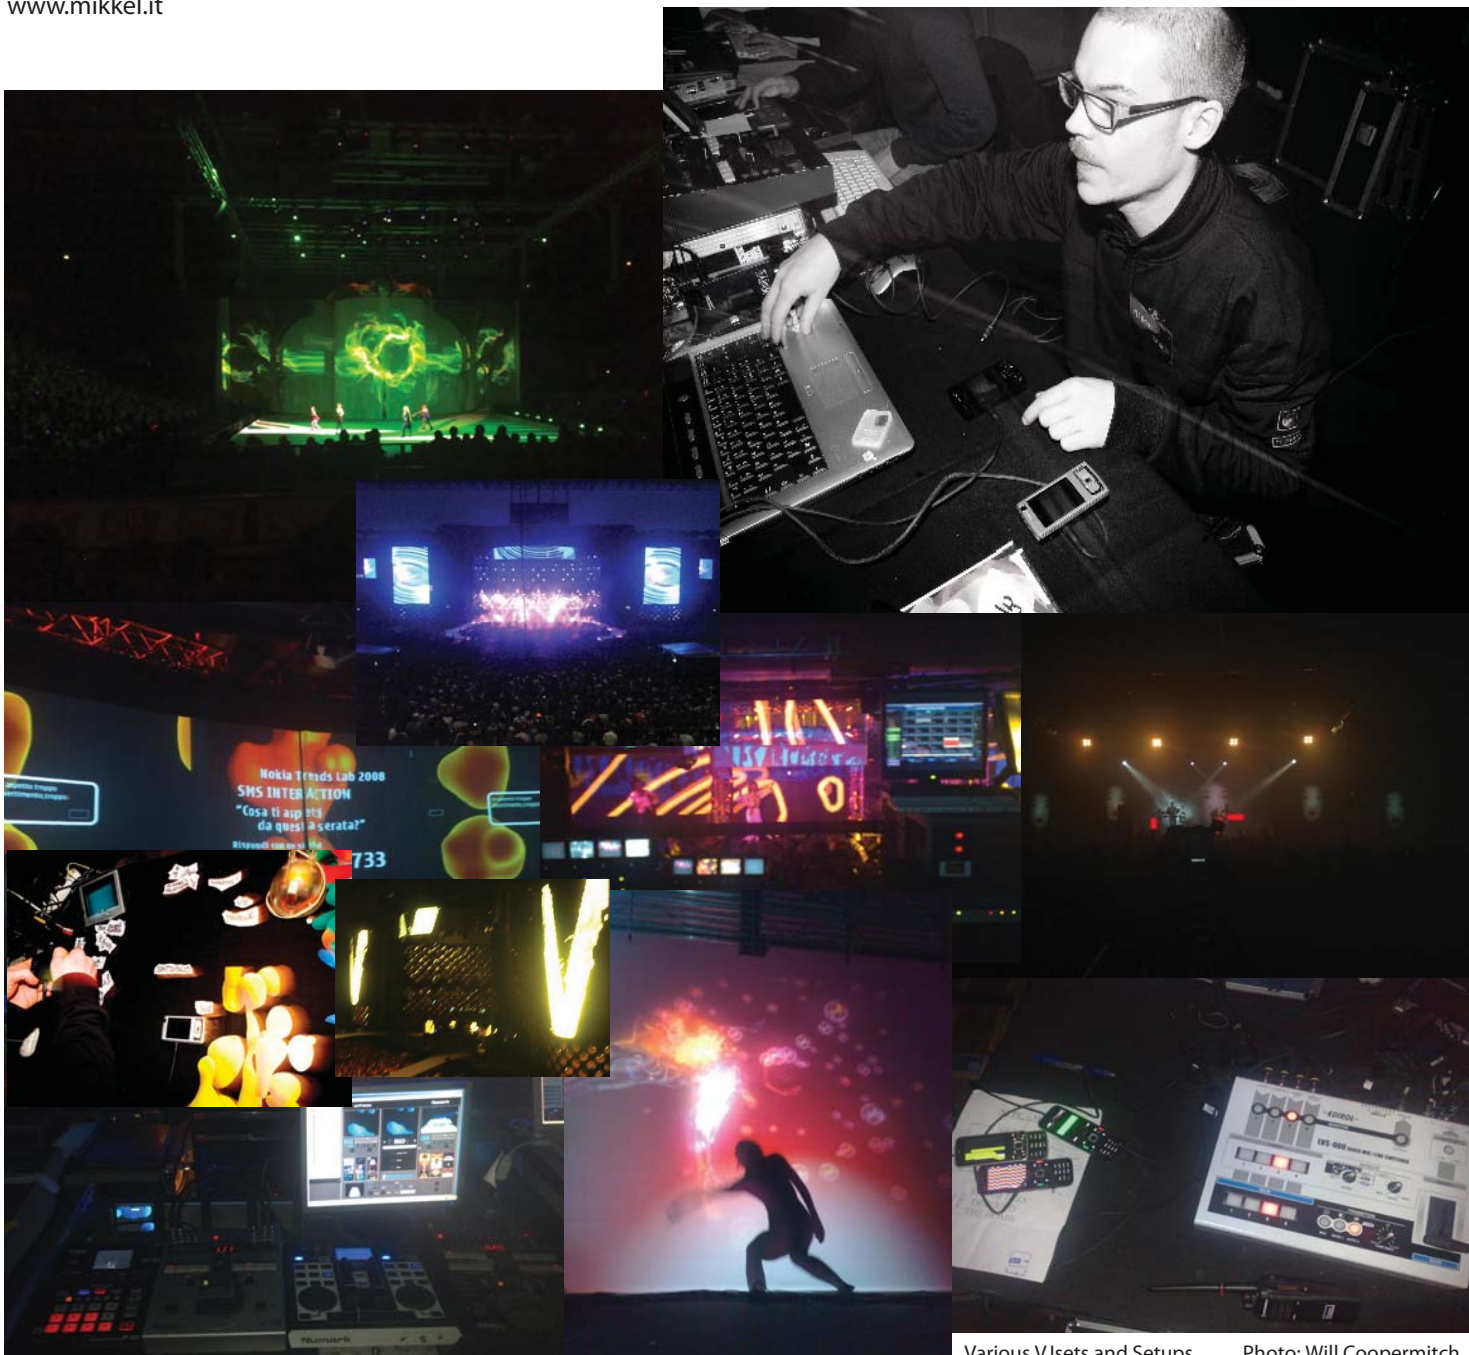

He also works as videodesigner for live music concerts:

- Italians biggest rockstar Vasco Rossi
- The show Winx on Ice
- Italian Mtv day and Nikel Odeon's The Kids choice awards
